Issue: Health Issues/Women's Issues

Program: Erazno y la Chokolata

When: October 15, 2015 at 4 pm

Description: In South Korea there's a female athlete that is being criticized and is under investigation by the coaches to see if this female soccer player can be a man. Officials will be testing Park Eun-Seon of 26 years old 6 ft 4 inches weighting in about 160 lbs and has scored a record breaking of goals 19 goals in 22 games in South Korea that's got people wondering whether she is truly a male gender. The female athlete has gone through a series of tests since the age of 15 years old since she was going to be part of the Olympics once again she became the center of attention not because of how good she was but her physical appearance.

Sexual education

Program: Erazno y la Chokolata

When: October 27, 2015 at 4 pm

Description:

Dr. Roberta speaks to us about the 5 most common sexual questions

1. Can women get pregnant while on their period?

Yes, even though the chances are slim, there are though probabilities a woman is able to get pregnant although on their period

2. Can women get pregnant even with the lubrication?

The answer is also yes from the strength of the sperm.

3. Can we attract herpes through kissing?

Depends on what type it is a virus so if its active and the significant other is practicing oral sex yes it can cause herpes.

4. Why can't women get an orgasm?

There are women in the world that will die and might have not ever gotten an orgasm it happens to a lot depends on the education developed psychologically.

5. Why does having sex hurt?

Sex should not hurt and if it is due to false of lubrication or even women who are allergic to latex.

OCTOBER 28, 2015

Issue: Government and Politics

Republican's debate Live at Boulder, Co.

Program: Erazno y la Chokolata

When: October 28, 2015 at 4 pm

Description: Today the Erazno and Chokolata team visited Boulder Colorado for the presidential republican's debate. The whole show took on big pointers in politics the whole time. Laws were a huge outcome from the conversation, and the legalization on marijuana. Ernesto Sagas was our invited guest today and spoke to us plenty on government issues in the Nation and Colorado itself. Ernesto spoke to us about the candidates and how these republicans who are debating tonight are at the lowest in North American's ballots in majority of the vote these are the least popular candidates. We also had David one of the first organizers and supporters of legalizing marijuana in the state of Colorado which is now legal in Colorado, yet he states he does not smoke weed himself. David states that after marijuana has been legalized in Colorado the state has increased in tourists money people want to actually come to Colorado for the marijuana.

OCTOBER 29, 2015

Issue: Health care

Are you born a cheater? Is it genetic?

Program: Erazno y la Chokolata

When: October 29, 2015 at 4:04 pm

Description: Based on Ashley Madison, the director of Latino America Victor Hermosillo, they did a study and see if you are born a cheater or not. It's basically habits...54% of men had a cheating father, while 41% of women had cheating mothers. It affects their psychological mentality. They imitate their parents, basically, it's all in the blood.

OCTOBER 30, 2015

DECEMBER

ERAZNO Y LA CHOKOLATA SHOW

JOSE NETWORK 2-7 PM MONDAY – FRIDAY (Albuquerque only)

JOSE KLYY 97.5/103.1 FM 2-7 PM MONDAY - FRIDAY

Issue: Dr. Elvia Contreras

Healthcare

Program: Erazno y la Chokolata 12-10-15

A study was done with 2 groups; one of them took eight ounces of water before each meal and noticed that they lost 9 pounds more than the group who did not consume the water. This proved that that water helps reduce pounds.

December 12, 2015 6:10pm

Issue: Dr. Jorge Luna

Healthcare

Program: Erazno y la Chokolata

Cardiologist Jorge Luna mentioned that a study was done and it showed that drinking beer in moderation is good for the heart, since it has the same antioxidants as red wine does. Men can drink 2-12 ounces of beer a day and women 1.

Issue: Dr. Cristina Diaz

Healthcare

Program: Erazno y la Chokolata 12-17-15

Doctor Cristina Diaz talked about myths known to surround children, like if they get scared, we need to take them to get a massage right away, or that it was also a myth that a big scare can actually cause diabetes or epilepsy in children. She said it was ok to have them cry a bit and not run to them right away if they cry just to get their way. Nothing major will happen.

Issue: Dr. Yolanda Marin De La Garza

Health care

Program: Erazno y la Chokolata 12-18-15

Dr. Yolanda Marin De La Garza's talked about the long-term effects of alcohol consumption in the liver. In Europe it is normal to consume alcohol daily since they say it's good because it is seen as an antiseptic and it reduces coronary mortality and even helps with the Alzheimer's, but in reality when alcohol is consumed in large amounts it can cause pancreatitis, gastritis, coma and even death.

Issue: Dr. Carlos Manuel Ruiz Macias

Health care

Program: Erazno y la Chokolata 12-31-15

Thursday December 31, 2015 3:10 PM

Doctor Carlos Manuel Ruiz Macias talked about epilepsy. A disease that is caused when the brain's neurons cells have suffered due to an infection such as meningitis, encephalitis, head injuries, tumors, car accidents, falls or trauma. Some epilepsy can be cured and others are hereditary, and those can only be controlled by taking the right medicine.
